

# ANALYSIS AND VISUALIZATION OF P&L DATA IN EXCEL

Comprehensive Analysis of Financial  
Performance

---

Rutvik Trivedi

# PROJECT OVERVIEW

---

- Problem Statement
- Understanding the Data
- Data Cleaning and P&L Structure
- Profitability Margin Calculations
- Data Visualizations
- Insights

# PROBLEM STATEMENT

---

## Detailed P&L Table

Prepare an Excel P&L table from raw data, focusing on revenue and essential P&L items leading to EBIT.

## Financial Performance Insights

Provide insights into Adidas' financial performance covering 2019 to 2023, emphasizing revenue growth, profitability margins, and segment contributions.

## Revenue Analysis

Break down revenue trends, highlighting growth patterns and factors impacting Adidas' top-line performance.

## Profitability Evaluation

Evaluate profitability margins, including net profit margin, gross profit margin, and operating profit margin over the specified period.

# UNDERSTANDING THE DATA

---

## Raw Financial Data Extraction

Extracted detailed financial information from Bloomberg files to initiate analysis.

## Constructing P&L Statement

Utilized revenue and expense lines to build a comprehensive Profit and Loss statement.

# DATA VISUALIZATION

# DATA VISUALIZATION

---

Business Segment	Revenue 2019 (in millions)	Revenue 2023 (in millions)	Growth (in %)
Wholesale	10,004	12,088	20.84%
Retail	2,658	4,577	72.18%
Other Businesses	1,789	2,585	44.58%

## *How Did the Company's Performance Measure Up During This Period?*

---

- Total revenue increased from **\$14,475.66** million in 2019 to **\$19,249.93** million in 2023
- Adidas showed significant improvement in its financial performance between 2019 and 2023.

## *Were They Able to Accelerate Revenue Growth at a Healthy Rate?*

---

- Yes, Adidas was able to accelerate revenue growth at a healthy rate.
- The overall revenue grew by approximately **33%** over the five-year period, with a **CAGR of around 7.28%**.
- This growth rate is indicative of a strong and consistent expansion of the company's market presence and product offerings.

## *Which Business Segment Registered the Fastest and Slowest Growth?*

---

- **Fastest Growing Segment:** The Retail segment registered the fastest growth, increasing from \$2,658 million in 2019 to \$4,577 million in 2023. This represents a substantial growth rate of **72.18%**.
- **Slowest Growing Segment:** The Wholesale segment showed the slowest growth, albeit still positive, increasing from \$10,004 million in 2019 to \$12,088 million in 2023, which is a **20.84%** growth rate.
- **Other Businesses:** This segment also saw significant growth, increasing from \$1,789 million in 2019 to \$2,585 million in 2023, reflecting a **44.58%** growth rate.
- **Profitability:** Improved EBIT margins from **7.0% to 8.0%** indicate effective management and operational efficiency.
